One of our most economical products, the 1/4 inch minus sand is a well graded sand that compacts well. It is often used as fill under houses, buildings, and other areas where structural fill is needed, road construction, horse arenas, base for pavers, and landscaping.

- Ideal for:**
- Structural Fill**
- Building Base**
- Arenas**
- Pavers**
- Landscaping**
- Walking Paths**
- Ballfields**
- Roads**
